Subject: Grady Otis W. Smith Health Clinic: Opposition By Board of Commissioners

Dear Mrs. Leone-Glasser:

Thanks to you and many others, round one of our struggle for human rights and justice at Grady Hospital has been won. As you know, by a vote of 5-2, on April 6 the Board of Commissioners expressed opposition to the closing of Grady's neighborhood clinics and urged the Hospital Authority Board to enforce provisions of the Lease Agreement. (Attachment 1) Commissioners Lowe and Hausmann voted no.

However, there is still much work to be done. I look forward to telling the WHOLE story concerning the unauthorized closing of the Grady Outpatient Dialysis Clinic at the April 20th Meeting of the Board of Commissioners.

"The only thing necessary for evil to triumph, is that good people do nothing."
Thank you again and be blessed!

Sincerely,

Emma I. Darnell, Vice-Chair, District 5
Fulton County Board of Commissioners
